Synapptic smartphones & tablets

**The simple way to use mobile technology
when you have sight loss**

All prices displayed assume the customer is eligible for VAT relief and exclude VAT where appropriate. Prices correct as of November 2021.

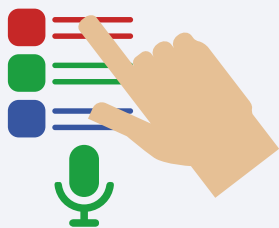

5 great reasons to choose Synapptic!

1 Keeping it simple...

- ✓ An all-in-one package, so there's no need for separate devices
- ✓ Ready to use straight out-of-the-box
- ✓ Includes human-sounding speech and magnification on every screen, so it's suitable for any level of sight loss

2 Finding your way around easily...

- ✓ Simple, clear menus with bold icons make Synapptic intuitive to use, even if you're new to technology or lack confidence
- ✓ The touch and release™ feature means you can simply move your finger up and down each menu and release it on the option you want to use
- ✓ Voice recognition if ever you need to type text and you're not confident at using a keyboard

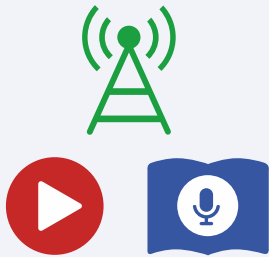

3 Open up communication with friends and family...

- ✓ Easy access to text messages, emails & social media for staying connected with friends and family
- ✓ One address book for all your contacts: keep telephone numbers, email addresses and postal addresses in one place
- ✓ Share photos using our talking camera and attach photos to emails at the touch of a button

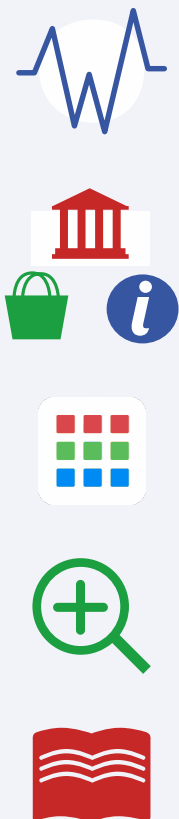

5 great reasons to choose Synapptic!

4 Experience a world of entertainment...

- ✓ Listen to local, national and international Internet radio stations
- ✓ Watch YouTube videos, live Freeview Digital TV Channels, catch up with BBC iPlayer and enjoy the latest movies and box sets on Netflix
- ✓ Stream or download a massive range of FREE audio books!

5 Giving you freedom to manage everyday tasks yourself...

- ✓ Control your device with just your voice - select menus, dial numbers, write text messages, compose emails and lots more – to complete tasks quickly and easily
- ✓ Smart yet simple Internet browsing makes it easy to do online shopping, banking, or access any information at your fingertips
- ✓ Effortless access to thousands of Apps with the new Synapptic Screen Reader
- ✓ An in-built digital magnifier makes it easy to magnify menus, timetables or food labels when you're out and about
- ✓ An in-built Reading Machine means you can photograph and read any written text to translate it into speech, or save as a document to be read or spoken out later

Do I need the SIM version of a tablet?

Choosing the SIM version of a tablet gives you access to the Internet when away from Wifi and also allows you to make phone calls and send text messages, in addition to all the normal tablet functions!

*Requires a pay-as-you-go or contract SIM card.
See our Call Plans for more details.

Portable Stand

£99

SYN-STAND03

A handy portable stand which can be used with both phones and tablets

- Great for holding your device for prolonged use, like watching a film or just using the menus
- Offers stability if magnifying an object or reading some text (tablets only)
- Folds nearly flat for easy storage.

Bone Conducting Wireless Headphones

£99

SYN-BONE01

Headphones that are worn above the ears, so ideal if you still want awareness of your surroundings or you wear hearing aids

- They create mini vibrations which send sound through the cheekbones, directly to the inner ears
- Excellent sound quality, with a durable and flexible frame.

Large Print Bluetooth Keyboard

£65

SYN-KBD

A slim and compact wireless keyboard, which can be used with any Synapptic phone or tablet

- Use to navigate all menus and type text, instead of using the touch screen
- Comes with high-contrast, large print lettering.
- Available in a range of colours:
Yellow on black, Black on yellow
White on black, Black on white

Bluetooth Speaker

£65

SYN-BT-SPKR

A wireless Bluetooth speaker, which can be used with your phone or tablet

- Light and portable with excellent sound quality
- Use to listen to any speech, music or audio from your phone or tablet
- Ideal for listening to audio books, YouTube videos or music at a loud volume.

USB Memory Stick Adaptor

£15

SYN-USB-MSC

High quality USB memory stick adaptor for Synapptic phones and tablets

- Allows you to import and play music, talking newspapers and audio books from a memory stick onto your device.
